LETTER OF TRANSMITTAL

To the Honorable William L. Guy
Governor of North Dakota
Bismarck, North Dakota

Sir:

In compliance with the laws of this state, I herewith submit the Fifty-Second Report of the State Fire Marshal's office, covering the period beginning July 1, 1966 and ending June 30, 1968.

Respectfully submitted,

Vance Arneson

29 July 69 direct gylt initialed

FOREWORD

This is the second biennium (Fifty-Second) report of the State Fire Marshal's office. The State Fire Marshal's office was originated by legislation in 1913. On July 1, 1967, this office was transferred by legislation from the Department of Insurance to the Attorney General, Division of Criminal Identification. This has worked out very well as we have access to base two-way radios, teletypes, criminal records, and joint facilities for the mailing room, mimeo duplicating machine, and the interchange of men. We believe that this was a giant step forward in the State Fire Marshal's office and note that other states are following this pattern of transfer. Along with the transfer, we were given the additional duties of the inspection of all the jails in North Dakota and the wholesale licensing of fireworks, the printing of applications, and the application and licensing for the Sheriff's departments. We have collected a sum of \$5,500.00 during the last biennium on wholesale fireworks. This amount was turned over to the State General Fund.

All inspections required by statute for hospitals, nursing homes, boarding care homes, foster and child care homes, have been made including the review of plans and specifications for new construction and remodeling of schools, hospitals, nursing homes and miscellaneous building. We have reviewed a total of 185 plans and specifications in the last biennium. We have also conducted 85 private investigations and condemned 60 buildings in the last biennium, resulting in this office carrying civil cases in the amount of \$1,500,000.00

Since our last biennium we have had 48 deaths due to fire, compared to the 34 deaths due to fire during the previous biennium. We have had 25 people severely burned by fire in the last biennium compared to the 35 people severely burned by fire last biennium. This biennium's dollar loss is \$13,118,323.17 compared to last biennium's dollar loss of \$7,228,671.82. This increase is caused by inflation.

The personnel of the State Fire Marshal's office are constantly going to school and teaching classes on fire investigations and we give thanks to the Governor for granting our office permission for out-of-state travel.

The greatest need in this department at this time is money for fire prevention material and at least temporary help during summer months when we have additional reports and work such as paying the fire chiefs, and to help when an employee is on vacation.

At this time we would like to thank all organizations for their active cooperation with the State Fire Marshal's office during the past biennium, especially the North Dakota Firemen's Association, the North Dakota Peace Officer's Association, the State Electrical Board, the Bureau of Criminal Identification, the North Dakota Board of Architects,

and local sheriffs and police officers for aid in fire prevention and education programs and in enforcing the firelaws in the investigation of the crime of arson. Special thanks to the North Dakota State Laboratories Department for its excellent laboratory work both in the flammable liquids and the fabric identification field with reference to investigations conducted by this office.

FIRE MARSHAL

Date 1, 1948 to June 30, 1948

Walter Johnson	\$17,500.00
Frank W. Johnson	\$ 5,000.00
